Renewal Compliance Inspection Findings
40 Acre Tract
NPDES No. TN0066249
Putnam County, Tennessee

Ms. Kington,

To follow are the responses to your Renewal Compliance Inspection Findings Letter dated July 24, 2013 for the subject sand quarry.

1. Basin 001 has received maintenance and the spillway has been repaired and new rip-rap installed.
2. Sediment Basin 002 and 003 have not been constructed and monitoring reports will be updated to reflect current basin status.
3. Water impounded above the existing pit in the vicinity of the proposed basin 003 has been graded to drain to the pit. The perimeter berm located above the highwall has been repaired and topsoiled, seeded and mulched.
4. The areas disturbed by recent exploration have been regraded to drain to the existing pit, and seeded and mulched to stabilize.
5. The roadway banks near the main entrance have been reinforced with rip-rap and the entrance roadway has been regraded and graveled.

Please contact me if you have any questions or comments.

Sincerely,

TARE, INC.
